**Kit contents:**      2 x 9013 Left/Right Hand Side  
                             2 x Steel Washers

Original equipment style bushes, which maintain existing caster settings.

### **45359 – 0.6 DEGREE CASTER ADJUSTMENT LEFT SIDE**

**Kit contents:**      1 x 9014 Left Hand Side (Offset gives +0.6 Degree caster)  
                             1 x 9013 Right Hand Side (Maintains existing caster settings)  
                             2 x Steel Washers

### **45360 – 0.6 DEGREE CASTER ADJUSTMENT BOTH SIDES**

**Kit contents:**      1 x 9014 Left Hand Side (Offset gives +0.6 Degree caster)  
                             1 x 9014 Right Hand Side (Offset gives –0.6 Degree caster)  
                             2 x Steel Washers

**SPECIAL NOTE:** “STEEL WASHERS” included in this kit must be used to prevent movement when braking.

\*\*Washers are an interference fit on the pivot pin and can be effectively fitted using a steel tube (ID 21mm) and a hammer\*\*

**NB:** Pivot shafts and mounting brackets must be free from dirt, rust & corrosion. Ensure that all bush surfaces in contact with metal are coated with grease provided.

**All mounting bolts are to be torque to MANUFACTURES SPECIFICATIONS with the vehicle at normal ride height.**
