Dimension (mm) & Weight (kg):

246 (L) x 90 (W) – 2.85kg

Product Group:

350 – GENERAL

ACCESSORIES Availability

Date:

Mid November

Product Specification

The range of ARB sleeping bags has been extended to provide further comfort and functionality for the four-wheel driver.

The ARB Compact sleeping bag is your perfect companion on those cool nights. Comprising of high loft hollow fiber fill at 2 x 200gsm it provides a high level of warmth and comfort. It's complemented by a brushed micro fiber plus lining embossed with ARB logos, that is not only a nice feel to the skin and aids in the temperature control of the sleeping bag.

The temperature control is further enhanced using the Alu-tech breathable internal liner. Alu-tech provides heat retention via a thin aluminum foil (works like an emergency blanket without the crinkling) as well as breathability keeping the bag light and compact yet providing superior temperature control.

Making the sleeping bag ready for the outdoors is a water-resistant roll top carry bag perfect to keep your bag dry and dust free.

Features:

- Brushed micro fiber+ lining – smooth and soft to the skin, featuring ARB embossed logo
- Alu-Tech internal lining – provides the ability to breath while retaining heat, works similar to emergency blankets without the crinkling noise
- Honeycomb ripstop HD poly shell – strong yet smooth and comfortable
- Fill – 2x200g/m2 high light hollow fiber fill – provides breathability, water resistance and warmth
- 3 Season bag – Spring, Summer & Autumn rating -5°C to +5°C (23°F to 40°F)
- Unique roll top vinyl carry bag improves water resistance
- Compression straps to get bag down super small
- Anti-Catch zipper
- HD vislon SBS zippers
- Draft barriers along all zips
- Draft collar barrier with drawstring around chest
- Removable hood with pillow holder
- Storage pockets
- Join two bags together, no need for left and right bags
- Fire retardant treatment, compliant with CPAI 75 Standards
- 2 Year warranty
