

## PRODUCT RELEASE

**Date:**

November 2015

**Description:**

Outback Solutions Side Floor  
Outback Solutions Floor Extension

**Application:**

Toyota Hilux 2015 on Dual Cab

**Part No. & Barcode :**

HI15FK 9332018041555  
HI15EXFK 9332018041562

**Product Group:**

871 Outback Solutions Accessories

**Fitting:**

HI15FK 0.75 Hours  
HI15EXFK 0.5 Hours

**Availability Date:**

December 2015

---

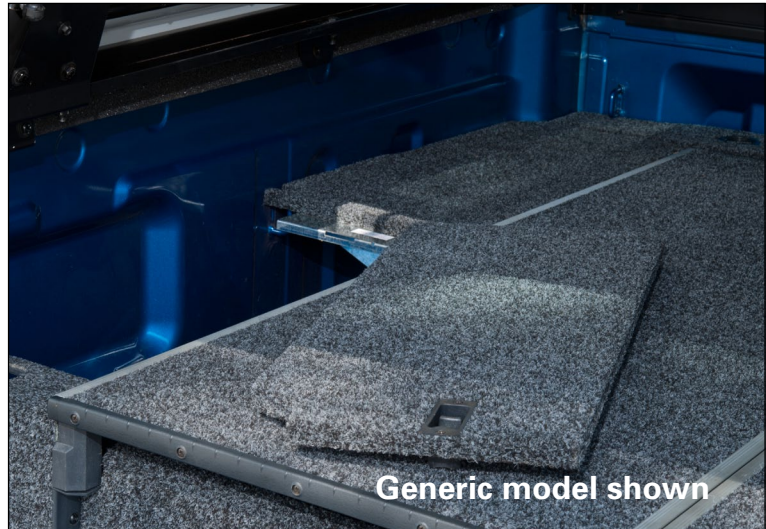

# Product Specification

**You will be amazed at how accessible and usable your Hilux tub becomes after installing ARB's Outback Solutions Modular Roller Drawer System. The existing range of drawer modules and the new release side and extension floors provides secure, organized storage and the power to create your own configuration.**

Designed around the RD1355 and RDRF1355 modules the HI15FK and HI15EXFK side and extension floors provide a flat floor around the drawer modules while providing access to storage space below.

## Side Floor:

The side floor kit fills in the area between the outer edge of the drawer and the side of the tub. The side floor completes the floor and provides a larger flat top surface while maintaining access to the wheel arch storage areas. Each side floor kit contains both left and right hand side floors. Stainless steel locking tabs locate and retain one end of the removable floor section, while the other end is attached with a simple to use push to close latch. A single lever disengages the latch for floor removal. The combination of stainless steel tabs and a simple straight forward latch, results in a very easy to use and secure storage area. The removable section of floor is approximately 295mm X 660mm.

## Floor Extension:

The floor extension maximizes storage between the front of drawer modules and the front of the tub. The storage extensions floor finishes flush with the front of the tub and is removable in two sections to provide access to the storage below. The removable panels are retained via flush lock knobs and provide access to approximately 175mm X 1580mm X 300mm of storage below. Perfect for holding emergency spares like fan belts, radiator hoses, small oil containers, ground sheets or ropes.

## Standard Drawer Features:

Outback Solutions Modular Roller Drawers have unique and practical features incorporated into their design to ensure high quality, maximum functionality and ease of use.

- ARB Branded
- Key lockable, push pull slam shut latches for ease of use and maximum security.
- Long lasting UV stable commercial carpet is practical and hides dirt.
- Cross folded floor ensure maximum support for items placed in drawers
- Attractive aluminium side edging finishes the drawer design nicely.
- Vehicle specific side and extension floors complete installation and reduce redundant areas.
- Purpose folded stainless steel runners for smooth drawer and roller floor operation.

## Standard Drawer Features cont.:

- Anti roll back system locks into place at full extension, removing the need for manual locking pins.
- Modular units create greater flexibility if needs change in the future.
- Low height Roller Floor module allows easy access to mounted fridge, while a shallow tray below maximizes storage.

The Toyota Hilux side and extension floors are designed to work with the RD1355 roller drawer and RDRF1355 roller drawer with roller floor drawer modules. The low RF1355 drawer module can also be installed into the Toyota Hilux, however is not compatible with the side and extension floors.

## Selection:

Part Number	Barcode	Description	
RD1355	9332018013552	Roller Drawer
