

RIDGE MOUNT

by **ROLA**

Read this full instruction prior to commencing assembly and fitment of Ridge Mount System.

CONTENT - CHECK ALL PARTS ARE CORRECT BEFORE PROCEEDING

A		Ridge Mount (pair)	1
B		Stud Plate	4
C		M6 DL DLS Riv Nut	4
D		Plus Nut	8
E		M6 x 20mm Cap Screw	12
F		M6 Flat Washer	12
G		M8 x 25mm Cap Screw	4
H		M8 Flat Washer	12
I		M8 Nyloc Nut	8
J		Butyl Patches	24
K		Interlocking Block	4

TOOLS REQUIRED

- 13mm socket wrench.
- 6mm allen tool.
- 5mm allen tool.
- M6 counterbore.

- 13mm socket wrench.
- Step ladder.
- Cold galvanizing paint.
- Power drill.

- 3mm (1/8") bit/ 9mm (23/64")bit.
- Marker.
- Rivnut tool

1

Move to the side of the vehicle. Use a step ladder to get access to the vehicle.

2

Carefully remove the rubber gutter moulding from the roof of the vehicle.

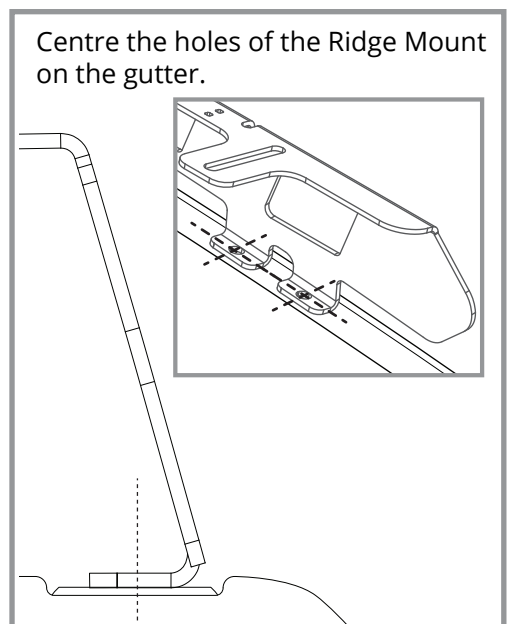

3

Place the Ridge Mount down in the newly exposed gutter. Align the rear mounting hole of the front foot, 250mm (9 13/16"), from the door jamb.

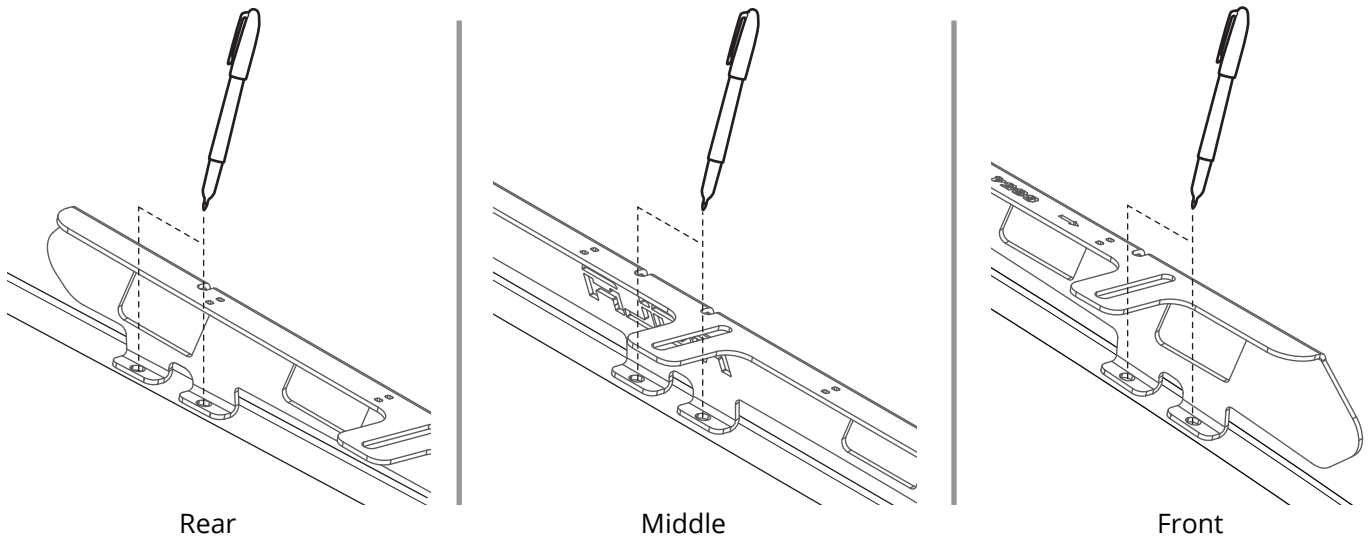

Centre the holes of the Ridge Mount on the gutter.

4

Mark the centre of each mounting hole in the Ridge Mount onto the gutter below.

5

Centre the head of a plusnut over each reference on the gutter molding, front and rear. A DLS rivnut is to be used for the middle. Mark the outside perimeter of the nut as shown.

6

Using a 3mm/ 1/8" drill bit with a stop installed, drill through the roof at the center references made in step 4.

IMPORTANT:
Drill stop must be set to 5mm (3/16").

7

Drill these holes out further, now with a 9mm/ 23/64" drill bit.

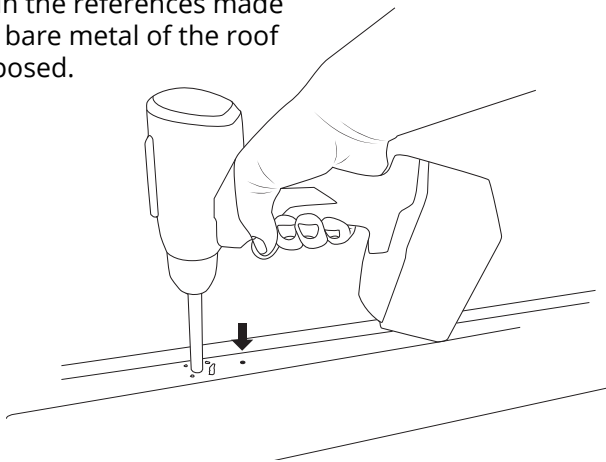

IMPORTANT:
Drill stop must be set to 5mm (3/16").

8

Using an M8 counterbore, remove any material within the references made in step 5. The bare metal of the roof should be exposed.

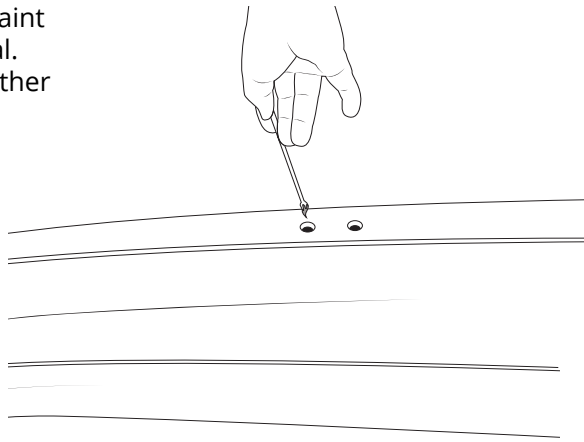

9

Vacuum any loose material from the roof of the vehicle.

9

Apply cold galvanizing paint to all exposed roof metal. Allow 15min to dry (weather dependent).

10

Remove the backing tape from the butyl patches and apply to the vehicle.

Place 2x butyl patches over each hole now exposed in the roof.

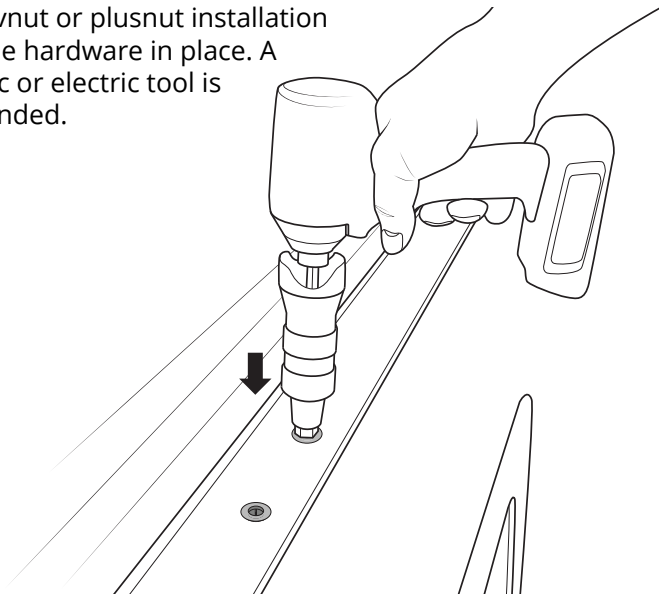

11

Slide a plusnut into the 4 holes front and rear. DLS Rivnuts are to be used in the two middle holes only.

12

Using a rivnut or plusnut installation tool, fix the hardware in place. A pneumatic or electric tool is recommended.

The stem of the plusnut will compress and engage the interior surface of the vehicle, locking the nut in place.

13

Place the Ridge Mounts onto the vehicle. Measure between the installed feet of the Ridge Mount. Cut the rubber gutter moulding to fit these gaps.

14

Place the Ridge Mounts into place on the vehicle. Using the M6 hardware provided, fix the Ridge Mounts to the roof of the vehicle. Tighten to 4-5Nm.

15

Install the interlocking blocks to the Titan Tray as per fitting Instructions.

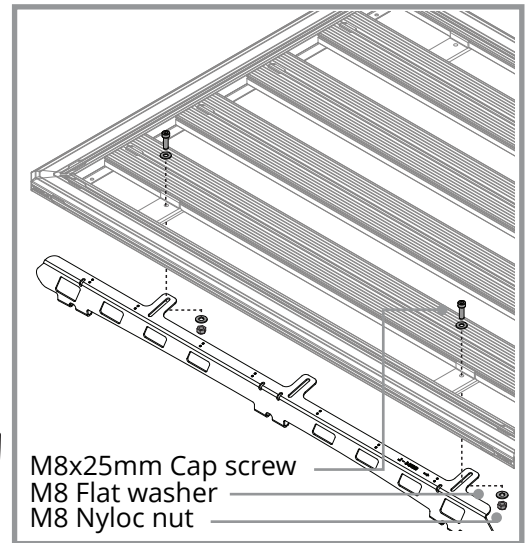

Install the stud plates to the Titan Tray assembly as shown.

TITAN TRAY FITMENT

16

Place the Titan Tray onto the installed Ridge Mounts. Align the slot on the stud plate with slots on the installed Ridge Mounts. Ensure the Tray is centred on the vehicle and fix in place with the M8 fasteners provided.

M8x25mm Cap screw
M8 Flat washer
M8 Nyloc nut

Note:

Check all connections are secure before use.

Wiring can be run and secured on the underside of the Ridge Mount rail as shown.

IMPORTANT - READ BEFORE USE

Please ensure the system is fitted in accordance with the fitting instructions. It is important that you observe all outlined below.

**LOAD RECOMMENDATIONS**

- Routinely and regularly check the proper functioning of the system. Check all fixtures at regular intervals.
- Do not use an automatic carwash with system installed.
- Maximum load capacity of the system is 400kg under static conditions.
- Maximum load capacity of the system is 100kg under dynamic including off-road conditions.
- Do not exceed vehicle manufacturers recommended load rating if it is lower than the maximum load capacity specified in this document (i.e., 100kg).
- Ensure any load carried is evenly distributed.
- Actual load on vehicle Roof (Refer to owner's manual) = Weight of Roof rack system / Ridge Mount + Weight of Tray + Weight of cargo.
- Actual load on rack system (Refer to product instructions) = Tray weight + cargo.

WARRANTY INFORMATION

Rola warrants that, subject to exclusions and limitations below, the Ridge Mount system will be free from defects in materials and workmanship for a period of 5 years commencing on the date of sale by the authorized Rola stockist to the original purchaser of the system.

If a defect appears in the Ridge Mount system before the end of the warranty period and Rola finds that the defect is in materials or workmanship, Rola will, in its sole discretion, either:

1. Repair the Ridge Mount or the defective component of the Ridge Mount system free of charge
2. Replace the Ridge Mounts or the defective component of the Ridge Mount system; or
3. Refund the purchase price of the Ridge Mount system to the original purchaser.

Rola reserves the right to change the design, specifications or composition of the Ridge Mount system without notice and without liability.

Rola reserves the right to replace defective products or components with products or components of similar quality, grade and composition, where an identical product or component is not available. Goods presented for repair may be replaced by refurbished goods of the same type rather than being repaired. Refurbished parts may be used to repair the goods.

The 5 year warranty does not apply where:

1. The Ridge Mount system is not installed in compliance with the fitting instructions provided
2. The Ridge Mount system is not used as intended or designed
3. Any part of the Ridge Mount system is used with other products or components not intended to be used in conjunction with the Ridge Mount system
4. The Ridge Mount system has been on-sold or assigned by the original purchaser
5. The Ridge Mount system has been modified or repaired by someone other than Rola or an authorized Rola stockist
6. Rola cannot establish any fault after inspection of returned product
7. The Ridge Mount system has been subject to abnormal conditions, including fire, water, humidity, pressure, stress or similar
8. The defect in the Ridge Mount system has arisen due to abuse, misuse, neglect or accident
9. The defect in the Ridge Mount system has arisen due to the unlawful or unusual operation of the vehicle to which it is fitted
10. The defect in the Ridge Mount system has arisen due to the purchaser's failure to properly assemble, install, fit, maintain or use the Ridge Mount system in accordance with the specifications and instructions provided by Rola.

For safety and use instructions, please refer to any General or Specific Fitting Instructions and Warning & Care Instructions enclosed within the Ridge Mount system or on our website at www.rola.com.au.

This warranty does not extend to fair wear and tear. Warranty claims can be made by contacting Rola directly using the details below. A warranty claim must be accompanied by proof of purchase (such as receipt), details of the alleged defect and appropriate documentation (such as historical and maintenance records where appropriate). The customer must make the product available to Rola or its authorized repair agent for inspection and testing. If such inspection and testing finds no defect in the product, the customer must pay Rola usual costs of service work and testing. It is the purchaser's responsibility to arrange and pay to return the product or component to the place of purchase. The purchaser may seek reimbursement from Rola for the cost of such activities, providing Rola notifies the purchaser in writing that a warranty claim is justified. Any such claims made must be in writing via post or email.

The benefits of this warranty are in addition to any rights and remedies imposed by Australian State and Federal legislation that cannot be executed. Nothing in this warranty is to be interpreted as excluding, restricting or modifying any State or Federal legislation applicable to the supply of goods and services which cannot be so excluded, restricted or modified. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Rola makes no express warranties or representations other than set out in this warranty.
