

# Installation Guide

## Front Lower Control Arm Rear Bush

Suits: Honda Jazz

Z 5145

(Always refer to the current catalogue for complete application listings)

N.B: This installation guide should be used in conjunction with the workshop manual.

- Install steel shell bush into the eyelet of the arm so that the bush is centralised in its position.
- Ensure all contact surfaces are free from grease and dirt and a sufficient application of grease is used on the flange faces.

N.B: It is recommended that a licenced workshop or trades person carry out the above procedure and that workshop manual and relevant safety procedures are followed in addition to the above.
