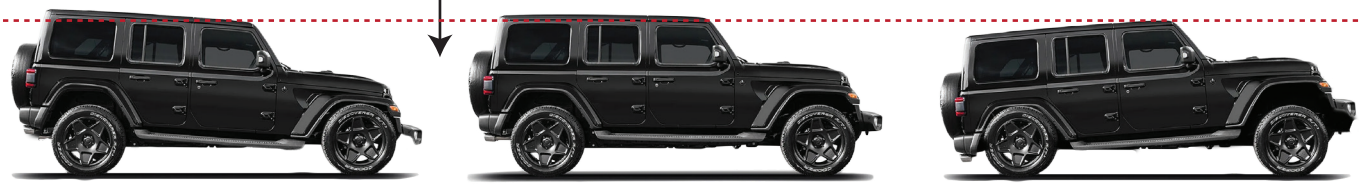
- Rubicon & Rubicon Unlimited **19-25**

Drive line



HIGH MODE | **DRIVE** MODE | **LOW** MODE

FEATURES

- Fine-tune suspension stiffness for load, terrain, or driving conditions
- Maintain optimal ride height & vehicle balance under varying payloads
- Distributes weight evenly to reduce axle stress & chassis fatigue
- Compatible with on-board air management systems, compressors, & remote controls
- Increases bump stop clearance & protects factory components
- Minimises vibration transfer, enhancing tyre contact & traction
- E-coated brackets, high-strength airlines, & heavy-duty fittings for long service life
- Improves trailer control by reducing sway & rear-end sag

Available maximum height: +75mm **Available minimum height: -85mm**

* Heights based on a 25mm raised ride height and using Airbag Man shock absorbers: 660mm Open/ 480mm Closed.

* Please check your relevant State & Federal regulations for vehicle approval requirements.
